

## **For Information:**

For staff in the ILO and other specialized agencies, please note that retirement calculations, including the lump sum calculation, are provided by the local Pension Secretariat, rather than by the UNJSPF Geneva Office.

The UNJSPF Geneva Office only provides pre-retirement calculations for UN Secretariat employees.

Individual staff members may also obtain their own pension estimates via the UNJSPF website, [www.unjspf.org](http://www.unjspf.org).

Final calculations are done by the local Pension Secretariat at the date of separation.
